Open to PMO / Portfolio Manager roles

Eligible to work in Germany (Opportunity Card) · Open to relocation

16+ years directing product development, portfolio governance, and resource and capacity management across automotive and industrial manufacturing. As Head of Department for New Product Development, led multi-site NPD teams and portfolios of 60+ concurrent projects — defining gate-review governance and mentoring engineering teams through complex product launches. Builds PMO structures that translate executive strategy into on-ground delivery, using SAP, Power BI, Primavera, and Lean/APQP frameworks.

CORE COMPETENCIES

Project & Portfolio Management (PPM) — Owned end-to-end project development, resource allocation, and capacity planning across a 64+ project portfolio, sustaining 90%+ success and a 12% margin gain.

PMO Leadership & Governance — Defined APQP gate-review criteria and project-selection frameworks, chairing reviews against QCDDM benchmarks.

Resource & Capacity Management — Prioritized a 64+ project portfolio against strategic value, bandwidth, and delivery risk.

NPD & APQP Gate Governance — Head of Department for NPD, owning delivery end-to-end for major OEM accounts as senior escalation point.

Risk Management & Mitigation — Built proactive risk identification into every project gateway across the portfolio.

Change Management & Continuity — Led PMO continuity through a corporate carve-out, safeguarding governance through the transition.

Tools: SAP · Power BI · Primavera P6 · Planisware · MS Project · Zoho Projects

Mentoring & Team Development — Coached engineers and project leads across development, quality, and supply chain.

Stakeholder Alignment — Primary technical/commercial interface for OEM clients and leadership on complex programs.

Strategic Sourcing & Vendor Development — Onboarded and scaled a new supplier to 90% quality and delivery efficiency.

Process Optimization & Lean/TQM — Improved FTR from 65% to 87% via VA/VE and Zero-Based Costing.

Project Controlling & Financial Reporting — Built Power BI dashboards; reconciled MoM YTD revenue against actuals.

Agile Delivery & PPM Tooling — Led migration from Accolade to Planisware; introduced Zoho Projects as standard tooling.

PROFESSIONAL EXPERIENCE

Lead, PMO — Tech Mahindra (Honeywell Account)

May 2023 – July 2026

- Led PMO continuity and migration workstreams through Honeywell Advanced Materials' corporate carve-out into Solstice Advanced Materials, sustaining project governance through the divestiture
- Owned end-to-end data migration of project and portfolio records from Accolade to Planisware, coordinating with finance, engineering, and account teams and leading training to accelerate adoption
- Built and owned the PMO Process Site (Confluence) for the Advanced Materials Domain, including leading its migration during the carve-out and standardizing documentation and governance
- Owned planned-expense validation for all live projects against the Annual Operating Plan; built a senior-management dashboard informing funding decisions
- Automated revenue reporting and built Power BI dashboards tracking revenue, margin, and spend; reconciled Month-on-Month YTD revenue against finance-reported actuals
- Delivered monthly NPI and financial MOS reports, driving leadership visibility and organization-wide accountability

Deputy Manager, New Product Control — UnoMinda Limited

Jan 2022 – Apr 2023

- Served as Head of Department for NPD at the Hosur location, with the full NPD team reporting on a dotted-line basis
- Owned the NPD function end-to-end for two major accounts (TVS Motor and Ather Energy) as senior escalation point
- Defined and administered APQP gate-review criteria and project-selection frameworks against QCDDM benchmarks
- Owned project development, resource allocation, and capacity planning across a 64+ project portfolio — sustaining a 90%+ success rate (15 projects into serial production) and a 12% margin increase in FY22-23
- Achieved over 85% First Time Right (FTR) rate while introducing Zoho Projects as the standard PM tool

Key Accounts Manager, Business Development — Gabriel India Limited

Jan 2020 – Dec 2021

- Fast-tracked to commercial leadership — promoted from vendor-side execution to full ownership of OEM relationships and revenue outcomes
- Served as primary contact for OEM clients, managing product development cycles, quality oversight, and commercial discussions
- Managed project workflows via PLM integrated with SAP, improving execution visibility across engineering and supply chain

Senior Engineer, Sourcing & SCM — Gabriel India Limited

Oct 2016 – Jan 2020

- Drove supplier integration for new product development, managing end-to-end sourcing including feasibility, cost, and vendor onboarding (domestic and China-based)
- Onboarded and scaled an aluminium forging supplier, achieving 90% quality and delivery efficiency
- Improved FTR performance from 65% to 87% and reduced rejection rates on new products below 10% via VA/VE and ZBC initiatives

Early Career — Engineering, NPD & Process Design Foundations

2010 – 2016

- Senior Engineer, MED Methods — Rane Engine Valve Limited (2014–2016):** Redesigned process controls for an underperforming valve line, cutting EN52 rejection from 80% to 15% and raising output to 110 units/shift, for clients including MTU Friedrichshafen (Rolls-Royce Power Systems)
- NPD Engineer — Nash Industries (I) Pvt. Ltd. (2012–2014):** Designed blanking process workflows from concept to zero-rejection production, end-to-end
- Senior Engineer — Digh Vijay Plastics and Allied Products (P) Ltd. (2010–2012):** Managed BOM, ECN, process planning, vendor development, and product costing across multiple lines

EDUCATION & BEYOND

M.Tech in Manufacturing Management — BITS, Pilani · CGPA 6.61 (≈ German Grade 2.0, Gut)

B.E. in Mechanical Engineering — Anna University, Chennai · 68% Aggregate (≈ German Grade 2.0, Gut)

Languages: English (Fluent) · Hindi (Fluent) · Malayalam (Native) · Tamil (Fluent) · Kannada (Conversational) · German (A1, in progress)

Certifications: PMP Exam Preparation — 35 Contact Hours of Formal Project Management Education (PMI-aligned)
